

MANUFACTURERS OF PROCESSED FOODS · NAGPUR · INDIA

Goyalजी

Product & Capability Brochure

A Nagpur-based manufacturer of daily-staple processed foods — **3D fryums, jeera papad, soya wadi, and makkai poha** — built for repeat B2B supply across India. Manufactured under JP Industries with a 40+ year heritage in the food trade.

01

40+ years

In food trade, under JP Industries.

02

4 daily-staple SKUs

Papad, fryums, poha, soya wadi — items that move every week.

03

Pan-India dispatch

Manufacturer-direct from our Nagpur facility.

OUR STORY

A 40-year food-trade legacy — *now manufacturing.*

Goyal Ji is the manufacturing arm of **JP Industries**, an enterprise rooted in four decades of India's food trade — from red chilli trading and cold storage to spice processing, and today processed-food manufacturing. We don't make food because it's a new market for us; we make it because we've spent a generation inside the supply chain that surrounds it.

CAPABILITIES

How we *deliver.*

Three things wholesale buyers actually ask about — and what we offer on each.

Pack to spec

From distributor bulk to retail shelf, sized to your channel.

- Bulk: 15 kg box, 20 / 25 kg bag
- Retail: 500 g consumer packs
- Private-label on request

Verifiable quality

Every batch documented, not just inspected.

- Batch-wise QC at every run
- FSSAI & ISO 22000 documented
- Certificate of Analysis on request

Pan-India reach

Nagpur — the central logistics pivot of India.

- Truckload & part-load supply
- Established distributor network
- Direct dispatch, no middleman

CURRENT RANGE

Four SKUs in *continuous production*.

Across two categories — papad/snacks and breakfast/cooking essentials. All in active manufacture. Quote on request.
